RBA-

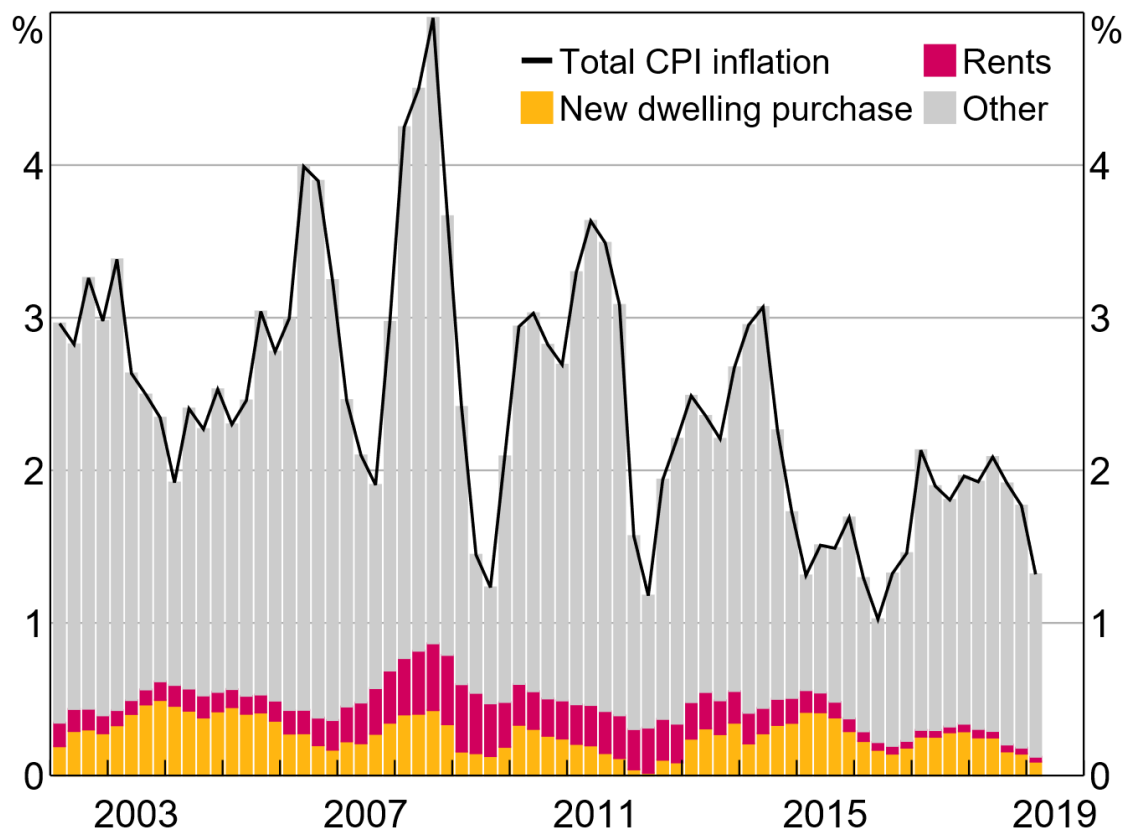

Over the past year these two components have been much weaker than average and have contributed notably less to CPI inflation; rent inflation was 0.4 per cent

<https://www.abs.gov.au/statistics/economy/price-indexes-and-inflation/selected-living-cost-indexes-australia/latest-release>

For the year end June 2022 the LCI and PBLCI was 5%pa.

Housing and CPI Inflation

Year-ended with contributions
